01 April 2020

THANK YOU

to everyone who has contributed to the Stichting Clouds Foundation /
Pebbles COVID-19 Feeding Scheme 2020

As a result of your generous donation, we are managing to feed almost 2200 people living in vulnerable communities in the Stellenbosch area. Each family receives two food packs, one of meat and sauce, and another of rice/potato/pasta.

The family food pack is enough to last a family of 4 for two days.

We are working with a small staff team at the moment and are aiming to bring in additional staff next week to be able to increase production of meals; we have the capacity to make up to 5000 – 6000 meals per day.

We are currently feeding children and adults in agricultural communities as well as supporting two local soup kitchens who provide for hungry families in the small rural towns where unemployment is a huge problem. There has been great demand for these meals.

We are only on Day #6 of lockdown in South Africa and we can predict the number of desperately hungry people increasing over the next few months.

Thank you again for supporting us. Your donation is so appreciated.

Sophia
